Hopper will award the prizes, etc.

The music for the above exercises will be furnished by Reynolds' Orchestra.

All friends of education and patrons of the school are extended an invitation to attend all of the above exercises.

We have been asked by the Superintendent to request that no small children be brought to the Auditorium, as the seating capacity is limited and the seats should be reserved for those who can enjoy the exercises.

ALUMNI BANQUET

The annual Alumni Banquet will be held in Ringo's Hall Thursday evening beginning at eight o'clock. All Alumni of the High School are urged to send their names to the Secretary as early as possible so that reservations may be made. Letters are being mailed, stating time, place, price, etc., and as soon as this letter is received it is hoped that all Alumni will sign and mail the return card immediately.

HARD STRUGGLE ENDS IN DEATH

Master William Taylor Fitzpatrick Dies at Lexington Hospital Sunday Morning.

Little William Taylor Fitzpatrick, Jr., aged seven years and known affectionately as "Teddy," who had been at the Good Samaritan Hospital for the past two weeks suffering with an ailment that baffled the physicians and specialists, died Sunday morning at 4:30 o'clock.

The child was operated on several times, the last time his right leg being removed but to no avail. He suffered with something that appeared to be chills almost hourly and his system seemed filled with poison. His case was one of the most baffling ones the physicians have had in years.

"Teddy" was a bright, manly little chap loved by all who knew him and Mr. and Mrs. Fitzpatrick have the heartfelt sympathy of the entire community in the loss of their only child.

Only the memory of the lovely child is left, yet how sweet, how uplifting its influence. For, after all, death is but the slipping off of the outer body. The taking away of this child has left a sad home, but the memories thereof can fancy his awaiting them in the place prepared for him, a little apart from the innumerable company in bright array; perhaps in one of the "Palaces of Ivory

Its windows crystal clear," of which old Bonar, quaintly sang, in the light, not of the sun, neither of the moon, we see him beyond the fields of fadeless asphodel, under the waving palms, beside the still waters bordered with silver lilies. These may be merely figures, but they bear a precious meaning to yearning hearts made for the deep household loves; hearts that will not be comforted because the Angel of the House is missing.

"Then fell upon the house a sudden gloom,

A shadow on those features fair and thin; And softly, from that hushed and darkened room,

Two angels issued where but one went in."

Funeral services were conducted Monday afternoon at 5 o'clock by Rev. E. L. Southgate of the Methodist church, assisted by Rev. Clyde Darsie of the Christian church, with burial in Machpelah cemetery. The Advocate extends sincere sympathy to the bereaved parents.

MISS PANGBURN'S RECITAL

The musical and piano recital given by the pupils of Miss Nell Pangburn at her studio last Thursday evening was quite a credit to both teacher and pupils and spoke volumes for Miss Pangburn's ability as an instructor. A delightful program was carried out.

INTEREST IS INCREASING

Merchants Are Very Much Pleased With Results of the Shetland Pony Contest.

The merchants who are interested in the Shetland Pony Contest are very much pleased with the results that are being obtained and consider it one of the very best advertising propositions that they have put on for a long time.

Quite a large number of contestants have entered but owing to the crowded condition of our paper we are unable to run the list this week. We wish to call the attention of the contestants to the fact that by special agreement with every dollar spent at the Advocate office for subscription you get five times as many votes as you do for a dollar spent with the merchants.

SPECIAL ATTENTION!

It has been called to the attention of the committee in charge that the cards which entitle the holder to 50 extra votes have been misunderstood. These cards can be used but one time and the same party cannot use but one card at each store during the contest.

FORMERLY LIVED HERE

We have seen a beautiful invitation to the commencement of Converse College, Spartansburg, South Carolina, at which Miss Elizabeth Cleveland Bomar received her B. A. degree and her sister, Miss Lucy Louise Bomar, received her B. A. degree. The young ladies are daughters of Rev. E. E. Bomar, a former pastor of the Baptist church here, but now of Owensboro, Ky. Miss Lucy Bomar is a namesake of Miss Lucy Smith, of this city.

CATCH THE FLY

This is the time of year to catch and swat the fly. Properly screen your house and keep the pest and spreader of disease from your business houses and homes. Street fly traps are used in many cities and we would like to see every business man in Mt. Sterling have one in front of his store. There is one in front of Lloyd's Cafe that is one of the best devices for the purpose we have ever seen, they cost little and are worth a great deal.

Fresh vegetables of all kinds received daily. Sanitary Meat Market

PUPILS DO GOOD WORK

Under the instruction of Mrs. G. W. Adams, wife of the Superintendent of the colored schools, the classes accomplished a great deal in basket weaving and work of this character. Several samples of the work were presented to this office. Prof. and Mrs. Adams have accomplished a great deal for the school since their residence here.

Stones' wrapped cakes received daily. Sanitary Meat Market.

GRADUATING CLASS

We wish to call our readers special attention to the size of the graduating class at the local High School this year. Quite a number of those who finish here will go away to some of the colleges to complete their education.

DEMOCRATIC PROSPERITY

Mr. Henry R. Prewitt and several other farmers whose names we could not learn have sold their cattle for August delivery at \$9.25 a hundred.

STREETS TO BE IMPROVED

As will be seen by the ordinance appearing on another page of this paper the City Council has ordered the following streets paved with asphalt, brick or similar material: Locust, from Wilson alley to Queen street; Main, from Wilson alley to Willow street; Syeamore, from the C. & O. Railroad to Holt avenue, and High street from Broadway to Elm street. This will probably be over a mile of paving and is the largest single contract the city has yet ordered. Holt avenue, Clay street, Howard avenue and West Locust street will be macadamized as the owners of property on them preferred macadam and the Council agreed to permit them to so improve the streets. This is more street improving than was ever attempted here before and it is expected this fall will see the streets of Mt. Sterling in the best condition ever known.

MRS. FANNIE CLAY

DIES IN ST. LOUIS

Mrs. Fannie McClure Clay, formerly of Clark county, and a daughter of Mr. and Mrs. Andy McClure, died in a hospital in St. Louis, Mo., last Friday of cancer. Mrs. Clay had made her home in St. Louis for a number of years but frequently visited relatives in this section, being a niece of Mrs. Rufus Hadden and Mrs. Jane Wright, and besides these two ladies is survived by many other relatives in Montgomery and Clark counties and was closely related to the McClure and Kidd families. Mrs. Clay was a true, conscientious Christian woman and was loved and admired by all who knew her. She is survived by two sons and one daughter. The burial was in St. Louis.

CONFEDERATE SOLDIER DIES

Mrs. J. M. McGuire received a telegram Sunday announcing the death of her father, Mr. M. H. Powers, at Middletown, Ohio. Mr. Powers was 78 years of age and was a Confederate soldier. He had been a member of the Christian church for many years. Besides his wife he is survived by five children, among them Mrs. J. M. McGuire, of this city. The funeral and burial will be at Middletown, Ohio, today.

FEDERALS DEFEATED

A base ball team from Lexington defeated the Mt. Sterling Federals Sunday afternoon at Riddell's Park in a poorly played game by the score of 6 to 5. Most of Lexington's scores were made on errors.

MR. ERNEST L. GILLASPIE

Dies After a Lingerin Illness of Many Months at His Home on the Levee Pike.

After suffering with Bright's disease for many months during which time everything that was possible to be done for him was done and every remedy and treatment known for this dreaded disease was tried death came to relieve the suffering of Mr. Ernest L. Gillaspie Monday morning at five o'clock. Mr. Gillaspie was 46 years of age and was one of the most prominent and well-liked men in Montgomery county, of a jovial and happy disposition he readily made and retained friendships and many were sorry indeed to learn of his death. At all times, under all circumstances he walked in the well beaten path of righteousness and when fully conscious that he was nearing the last of earth, he appeared to be fully impressed with the idea that at the end of time eternity began, and that the bright faith which sustained him during those trying hours of suffering would only grow brighter and brighter as he journeyed toward the Infinite, and the final gloom of death he dispelled by the radiance of God's love. Could all live the just and upright life he lived, and die in his trusting faith, death could no longer be called "The King of Terrors" for it inspired no terror there. The dying man and sorrowing family looked forward with the same eye of faith to the brighter future where this temporary separation would end in an eternal reunion.

He is survived by his wife who was Miss Leila Anderson before her marriage and many other relatives in this and Clark county. Funeral services were conducted at the Christian church this afternoon at three o'clock by Rev. T. N. Williams assisted by Rev. Clyde Darsie, with burial in Machpelah cemetery. The Advocate joins friends in offering sympathy.

GRADUATES AT STATE

Mr. Mitchell S. Sullivan, son of Mr. and Mrs. J. P. Sullivan, graduates from State University this week with a mechanical engineer's bright young man, has already secured a position with the American Tar Products Co., of Chicago, Ill., and will assume his duties within a short time.

CLIPPINGS FROM THE SNAGTOWN TORCHLIGHT

Arthur Walsh has written his son, Arthur, Jr., who is in the legislature, as follows: "Dear son: Keep up the fire. Don't let it ever flicker so you'll have to git down on yer marrow bones and blow the sparks. Hold yer head high, for even if you hit the roof the world'll turn to look at you. You needn't make new laws just to make us think you're earning what you git. As it is, it's —ll and high water for the people to keep the old ones. The state don't need saving half as bad as the campaign orators would have us believe. You just be reasonable. Rise when there is a reason and sit down before they make you."

DEMOCRATIC LOVE-FEAST HELD AT LEXINGTON

According to the oldest Democrats
of Montgomery county, as well as
the state, the convention held in
Lexington last Wednesday will go
down in history as the most har-
monious the good old Common-
wealth ever witnessed. It was a
great gathering that filed out of the
Auditorium near midnight Wednes-
day, after a day of harmony, a
determination to stand united
against the common enemy, and
oratory that none but old Kentucky
can boast of.

Governor Stanley's plea to throw
aside past differences, bury the
things which distract and divide,
met with approval from every dele-
gation, and the Democrats from all
parts of the State departed from
the convention with a stronger line
up than ever before in this State
against the Republican party next
fall.

Public Opinion

The first taste of **New Post Toasties** reveals the fact that something different—something better—has arrived for the breakfast table.

The secret is in the flavour—a self-developed flavour of pearly white Indian corn—not the flavour of cream and sugar upon which other flakes have to depend.

And notice, too, the appearance of **New Post Toasties**, particularly the tiny bubbles on the surface of each flake. These bubbles are a distinguishing feature—produced by the quick, intense heat of a new patented process of manufacture.

New Post Toasties do not "chaff" or crumble in the package, and they don't mush down in cream like other flakes. They're more substantial and are altogether more satisfactory than any flakes that have preceded them.

The proof is in the eating—have your grocer send you a package.

THE MORAL EFFECT OF ONE YEAR OF LOCAL OPTION

—Courtesy of Life.

Since May 25, 1915, (a year ago last Thursday), when the eleven saloons of Mt. Sterling were closed, we have frequently been asked the question, "What has been the moral effect of local option?" We shall therefore endeavor to answer the question and submit the facts and figures upon which we have reached such conclusions.

During the campaign we were told that the law could not be enforced; that drunkenness would increase under local option and that the whole idea was but a delusion and a sham. While not entertaining such beliefs, we were more or less solicitous about the outcome. We realized that any law could be more successfully enforced, which had behind it a healthy public sentiment. Our first net therefore was to publish a compilation of all the statutes on the subject and appeal to all the people, regardless of how they may voted on the question, to assist in the law's enforcement. It is gratifying to be able to say that we have yet to find any court or juror unwilling to mete out quick and adequate punishment to the guilty. As a result, there is today no whiskey being sold in our county. We say this advisedly and defy its denial.

There is but one thing which has kept our local situation from being all one could hope for and that is our vicious shipping law, which permits the shipment of intoxicants from "wet" to "dry" territory. Under it approximately 25 quarts of whiskey, on an average, are shipped into our county daily, as well as several barrels of bottled beer, weekly. This practice cannot be stopped until this law is repealed, an unsuccessful attempt at which was made at the last session of the legislature. In spite of this law, however, drunkenness and crime of every kind have very greatly decreased in the last year, notwithstanding the fact that the officers have been more alert than ever before. This was made very evident by the last grand jury, which, after a diligent session of six days, found only eight indictments, doubtless the smallest number in the history of the county.

In the Police Court, where all cases for drunkenness are heard, we have carefully gone over the records for the past two years. Under licensed saloons (from May 25, 1914 to May 25, 1915), there were 198 convictions for drunkenness. Under local option (from May 25, 1915 to May 25, 1916), there were 90 convictions for drunkenness, considerably less than one-half, and we venture the assertion that the repeal of the shipping law above mentioned will practically wipe out such cases altogether. All other forms of lawlessness show fully as great a decrease. Farmers are experiencing less trouble with laborers; appeals for charity are growing less; ladies walk our streets unattended, day and night, without fear of insult; a drunken man is seldom seen and the "stranger within our gates" is favorably impressed with conditions.

Can any one therefore deny that the effect of local option, from a moral standpoint, has been most gratifying and that as a result our county is today a cleaner and a better place in which to live?

ARE AGAINST ROOSEVELT

Old line Republicans will holt Roosevelt if he is given the Republican nomination for President at the Chicago Convention. Among the most prominent Republicans in this State are H. Green Garrett, Railroad Commissioner and Judge John H. Hardwick and both of these gentlemen are reported to have said that they were unalterably opposed to his nomination and would not support him in the

event he was nominated. These men are considered the strongest in Eastern Kentucky in Republican ranks and their position seems to indicate the sentiment of that section of the State.

WHERE BECKHAM GAINS IN STRENGTH

The Courier-Journal says that Senator Beckham was "scored" for his unselfish suggestion that instead of sending him, who had already been greatly honored by his party, the Democratic convention name someone who was not an office-holder as one of the delegates-at-large to the National Convention. Of course, in the eyes of the Courier-Journal, Senator Beckham was "scored." Not in a long time has he ever done anything which has met with the approval of that liquor-soaked and traitorous organ, which took great pride in helping to defeat him with a Republican back in 1908. But the fact remains that the more Beckham has been "scored" by the Courier-Journal and others of its ilk, the greater has he grown in the hearts of the decent Democracy, and other citizenship of the State.—Stanford Interior Journal.

FINLEY FOGG "COMES BACK"

By being elected Democratic State Executive Committeeman for the Tenth Congressional District, Judge Finley E. Fogg, of Paintsville, "comes back" into the active political game after several years retirement, when he went out of office as State Prison Commissioner. Judge Fogg knows every angle of Eastern Kentucky politics, and "then some," and being in thorough accord with the present State administration, his friends look for a good account from the Tenth district in the coming presidential campaign.—Louisville Times.

WITH THE POLITICIANS

It is reported that R. H. Dale, of this city, will enter the race for County Assessor. W. R. Tipton is also being mentioned for the place and rumor has it that Luther, Mason of Grassy Lick, will be a candidate.

Mr. G. E. Coons is being mentioned as a candidate for County Attorney.

County Judge Chenault has let it be known that he will again be a candidate for County Judge. Friends of County Attorney Earl W. Senff are also urging him to make the race and it is believed at the proper time he will ask promotion to the Judgeship.

SIRE OF FAST COLT

Ed Willis has a yearling in his stable that he considers a real phenomenon and he knows what it takes to make one. The colt is named Peter Royal, is a son of the young stallion, Peter Montgomery, a brother of Sienna 2:06 3/4, and Peter W. 2:08 1/2, and in his eighth time on the track trotted a quarter in 37 1/2 seconds and an eighth in 17 seconds.

The above appeared in the Lexington Herald of Monday and the sire referred to is owned by Bean Brothers, of this county. The many friends of these popular gentlemen will be pleased to learn that their horse is fast making a reputation for himself.

WANT NEW TURNPIKE

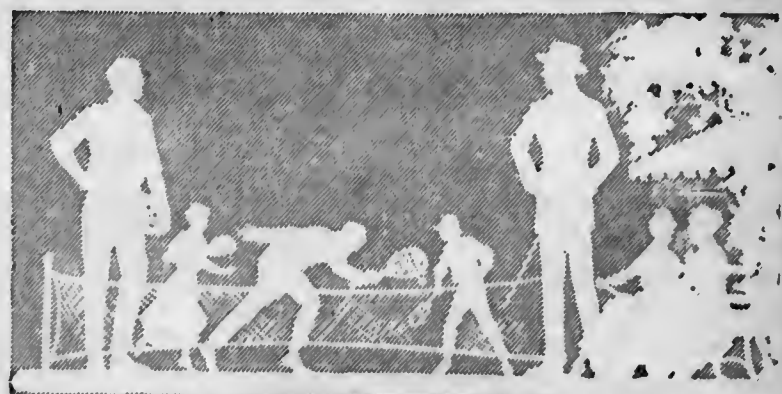

Mr. Jno. S. Frazer, representing the Mt. Sterling Business Men's Club, appeared before the Fiscal Court of Powell county Saturday and urged the court to build a turnpike, with a part of their recently voted bond issue, to the Montgomery county line, assuring them our county would meet them. After a full discussion a commission was appointed to have charge of the matter and it is confidently believed the road leading to Montgomery county will be one of those improved.

WHAT ARE YOU DOING?

What are we doing for this town? What are we doing to push it along, to make it something more than just a dot on the map? Ask yourself the question first, and then ask others, and keep on asking until we locate the cause of our backwardness and take steps to remedy the defects. This is not a drifting age, and the town that is content to just drift along will soon learn that there is no place left in which to even drift. It is not a lack of brains, because our people are blessed with an abundance. It may be, however, that we lack the initiative that is necessary to keep pace with the more thriving and prosperous communities of the country. If so, we should not once correct our fault and move forward. We should grasp every opportunity for improvement and expansion that presents itself, and when there are none in sight we should go out and hunt them. Drifting will accomplish nothing but to bury us beneath the enthusiasm and prosperity of our neighbors. Now who wants to drift? Not you, we hope.

Attention!

I will be in my office all the time after May 31st and will make special prices for one month on all work commenced and completed within this time.

ADVERTISING WILL DO IT

It will not be difficult to keep the farmer trade in this town if our business men go after it in the right way. But waiting and drifting will not do it. The farmer must be convinced by cold facts that it is to his interest to do all of his trading in this town, but it will take something besides empty words to do it. He is a man of facts, and nothing but facts will have any weight with him. Hence, we repeat, it is our duty to get together and remedy the defects in our commercial system that now exist and make conditions such that the farmer will turn to this town instinctively as the most logical and profitable place to trade.

Why We Are Opposing A Government Armor Plant

To the People:

Some people say that the very fact that the Bethlehem Steel Company is so aggressively fighting the proposal to build a Government armor plant is conclusive proof that the Company is seeking to assure for itself the "vast profits" derived from private manufacture.

The fact is that armor making is the least profitable feature of steel manufacture.

The reason we oppose a Government plant is very simple. It is this:

Even though there is but little profit in the making of armor, we have invested over \$7,000,000 in our armor plant;

That plant is useless for any other purpose; if a Government plant is built the usefulness of our plant is destroyed.

It would be good business for us to make armor for the Government at any price over and above the actual shop cost, RATHER THAN SACRIFICE OUR ENTIRE INVESTMENT.

We do not seek to save big profits; our purpose is very frankly to save our armor plant—itsself built solely for the use of the Government—from going to the scrap heap.

To do that, we are prepared to agree for any period to any terms of manufacture which the Federal Trade Commission shall say absolutely protects the Government of the United States.

STAY ON THE FARM

Much of our future success in this country depends upon our ability to keep our young men on the farms and away from the cities. Statistics show that the farms are gradually becoming depopulated and the cities are being overcrowded, with from two to five men waiting for every job. If our young men would stick to the farms, and improve and develop the uncultivated acres, it would be only a question of time when the wealth of this country would be doubled and trebled. Bright lights

and white ways appeal to the young eye, but they do not feed empty stomachs. The farm is a good place to be and a far better place to stay.

National Defense and International Peace

Preparedness and Peace and the Engineer

THE United States desires peace, based on justice and maintained with honor. But to insure this kind of peace Americans must know that nations are now defended not alone by fighting men, but by fighting industries.

The Engineers of this country, trained as only American Engineers are trained, hold that truth to be as fundamental as the law of gravity. With the authority of the United States Government more than 30,000 Engineers and Chemists, members of five eminent American scientific bodies, are making for the first time in the history of the Government a minute, sweeping survey of the industrial resources of America. They will go to the factories and mines of the land and with their sole method, efficiency, and their sole motive, patriotism, form a vast, flexible organization, such as the world has never known.

Their work will be the basis for creating in this country a true line of defense in time of war—the ability to produce swiftly, abundantly and with sustained power all the thousand and one elements of modern warfare. Without such production there can be no efficient army and navy.

Military Preparedness wins the battle. But Industrial Preparedness wins the WAR! Industrial Preparedness involves no huge expenses. Only the KNOWLEDGE of what American industry can do. To KNOW the extent of each plant, the equipment of each shop, the capacity of each machine, the ability of each man, THAT is the essence of Industrial Preparedness. That is the task to which thirty thousand Engineers are pledged.

The Engineers' work will lay for all time the ghost of the "munitions trust" by making it possible to have munitions made in thousands of plants. This vital work of the Engineers will supply the military authorities in Washington with information never before collected, and it is carried forward without a dollar's cost to the Government. And this advertisement is not paid for. The Associated Advertising Clubs of the World have prepared the copy and the publishers have patriotically responded and printed it without pay for the sake of National Defense and International Peace.

All Americans are asked to strike hands with the Engineers so that America shall learn how to resist as an impregnable wall of defense against a day of trial.

MEMORIAL DAY

It is quite interesting to compare the photographs of the young volunteers who went out in the sixties with those taken today. One can scarcely recognize in those ill-fitting uniforms the men who today will commemorate the deeds of valor of the comrades gone before. They were as loyal a set of young fellows as ever took up musket or handled a sword in defense of civil liberty. They still wear the blue, some of them, and they look their best on Decoration day. There is a badge on each breast. The hand has grown feeble, the hair is turned gray, and with irregular footsteps they follow the band and the children of the schools, all bearing bouquets to the graves of their fallen comrades.

It is not the procession that marched down to the battle front back yonder in the long ago that we behold today. It is but a remnant of that mighty host; but for a half century they have been keeping the folds of the old flag bright and the graces of their unforgotten heroes green, and reminding a new generation of the horrors of war, of the beauty of patriotism and the fidelity of the old guard for each other. It is the epic of the unforgotten years. It is the incarnation of memories that have grown holier as the years sped away. They have dropped out, one by one, from the blue files of the living with the badge upon their breasts and liberty's emblem around them. Beneath the green mounds, and the fragrance of immortelles they await the roll call of the eternal morning.

If in the bright afterlife, some chronicler, with more than mortal prescience were to write the achievements of the men who today occupy the place of honor in our ceremonies, there would be found written something like this: The greatest service the men of '61-'65 rendered to their country was not merely the preservation of an undivided flag, but in holding before our nation from year to year in this beautiful service the glorious ideals of civil liberty, and the awful cost at which these national virtues are maintained. It was one thing to preserve the Union, it has been another thing to keep before the oncoming generation the principles which have been embedded in shot and shell. This has been done by the Grand Army of the Republic in a way to call forth the admiration of humanity. If there is one thing more than another that has burned the love of freedom into the soul of our young manhood and womanhood, it has been the May-day tramp, tramp of the veterans, bearing their memorial wreaths to the graves of their patriots dead. It is a sight calculated to cause even the most stolid to admire the principles which have been enshrined in sacrificial blood.

The tears of the blue and the gray have healed the wounds of fratricidal strife. There are monuments to each that are sacred and holy. Today the same stars look down upon each, the same flag is beloved by all, a united country is our mutual heritage. There is no hatred in the veteran's handgrip nor enmity in his salutation. God made his blossoms to bloom over unmarked graves and has filled the old trenches with lilies of the valley. Wild vines clamber over ruined ramparts and the cannon of war, beaten by the storms of half a hundred years, stand as mute mementoes in parks and city squares, memorials of the valiant years, which, if it please God, will never come again.

NOBODY BUT WILSON

The chances are from the present outlook that no other name but that of Woodrow Wilson will be presented to the National Democratic convention for the nomination for the Presidency. And this is fitting and right. It is never the part of wisdom to try to swap horses while crossing a river, and now, when Mr. Wilson has so well handled the many perplexing problems incident to the European war and the unsettled condition on our Mexican border, it would be unwise to put a new hand at the helm of the Ship of State. And we think the American people of all parties will look at it that way. The pie-lunters of the Republican party, who hold pie above patriotism, may take a different view, but fortunately they are a small minority. —Flemingsburg Times-Democrat.

Further comment upon his breeding is superfluous as he is one of the greatest bred horses in the world.

Mainleaf's Racing Career

Mainleaf (2) 2:23, champion two-year-old colt of 1910 over half mile track. Mainleaf finished fourth to Necia at Detroit in 2:14¼, 2:13¼ and 2:14½, at that time the fastest three consecutive heats that had ever been trotted by a two-year-old. Mainleaf finished second in each heat to Justice Brook in the Kentucky Futurity in 2:11½ and 2:09½, which was then the world's record for two-year-old stallions. Mainleaf finished second to Silent Brigade in the Lexington States in 2:10¼ and 2:10¼, which was the first time a two-year-old ever trotted two winning heats better than 2:11, which was another world's record.

In his three-year-old form he trotted a sensational race at Detroit which was won by Miss Stokes in 2:08½, 2:08¾ and 2:09¾, Mainleaf winning the second heat, but the judges credited it to Miss Stokes. This race being the fastest three-year-old race ever trotted in the month of August. The next start was at Indianapolis in the Western Horseman Stake, where he defeated Miss Stokes and others in as brilliant a contest as was ever witnessed on a race track, time 2:11¼, 2:09½ and 2:09¼. He was a money winner at Detroit in the Matron Stake, he was a heat winner in the Horse Review Stake at Columbus and in the Kentucky Futurity he was a double heat winner and all things considered, trotted the greatest race a colt ever trotted in the world. The time was 2:08¼, 2:08½, 2:08¾, 2:07½, 2:11¼, 2:10¼, which was the world's fastest six heat race for three-year-olds at that time. He also won third money in the Stallion Stake at Lexington, in other words, Mainleaf has been a contender in every race and every heat he ever trotted, and I believe if a vote were taken on the gamest trotting colt that ever raced, Mainleaf would be a winner.

Mainleaf will make the season of 1916 at the Fair Grounds, Mt. Sterling, Ky., at the very low fee of \$25.00 to insure a living foal. Never before has a horse of Mainleaf's class stood at so low a fee, but realizing that a horse must have a large number of foals to be a great sire, I have made the fee at the above named price in order that any one may have an opportunity to breed to him. THE BAPTIST TRAINING SCHOOL

Its Organization, Aim, Growth, Maintenance—Urgent Need of Better Equipment.

At this time when so much is heard of America's "preparedness" to meet the exigencies of world condition, whether of war or peace—the question of paramount importance is that of "speeding up" to the utmost possible efficiency, our young people, educating, fitting and preparing them for the places they ought to take in the world's work. What more vitally important work than, than the training of our young women for efficient service in Foreign, Home and City Missions and as Church and Sunday School workers? Such an urgent need was felt in our own state a number of years ago and the hearts of Louisville Baptist Women were stirred within them, when in 1904, Dr. Carver reported that four young women were attending classes at the Seminary and were enduring all sorts of inconveniences and discomforts for this privilege. A mass meeting was held and Mrs. S. E. Woody was elected chairman of a committee to provide a home, protection and a course of instruction for all girls who might desire to prepare themselves for this noble work. A house on 4th Avenue was rented at \$40 a month and furnished by gifts and loans from several missionary societies. Mrs. Wigel was installed as House Mother and the first dinner in the new home served on Thanksgiving Day, 1904. Through the courtesy of the Southern Baptist Theological Seminary the students were admitted to the classes of that institution. The work moved forward with amazing rapidity and reports of the undertaking soon spread over the state. Generous donations continued to come in from various places. The number of students steadily increased until in 1905, a larger house at 8th and Broadway was secured and twenty-five new pupils were admitted. For three years the work was continued by Kentucky women. In 1907, the institution was adopted by the Woman's Missionary Union of the Southern Baptist Convention and in that same year, the present building, located at 334 East Broadway, was purchased with a generous gift of \$20,500 from the Sunday School Board. In 1910, with wise foresight, the W. M. U. began a fund for enlargement so that in April, 1914, the valuable corner lot adjoining the school was purchased for \$20,000 cash. An old building which stands on the lot has been used temporarily to accommodate the overflow of students, but it is inconvenient and unsuitable for school purposes and unless the accommodations are rendered more adequate the work must suffer. At the Nashville meeting it was decided by the W. M. U. to raise \$75,000 in the next three years for this purpose. At that time practically \$54,000 was pledged by the states, \$7,500 being Kentucky's contribution. Of the remaining \$21,000 the Sunday School Board gave \$10,000, leaving \$11,000 yet to be secured. It is hoped that individuals may feel moved to make larger gifts to this urgent cause.

In October, 1913, the Good Will Center, under the auspices of the Director, Mrs. Munde Reynolds McClure, was opened at 524 East Madison St., Louisville, the building having been purchased by the W. M. U. at a cost of \$5,000. The amount thus invested was taken from the Training School Endowment Fund and 6 per cent. interest on this sum is paid annually by the School as rental. The work is designed to give Training School students experience in social service and is operated purely in a spirit of neighborliness. The Good Will Center provides a splendid opportunity for initiative and constructive work. A brief consideration of the financing of the Institution's expense may not be amiss at this point. Baptist girls do not pay tuition, but in addition to their board at \$3.00 a week they are asked to pay \$25 a year and an additional fee of \$8.50 a term for laundry. The expense of the Training School and Settlement other than that covered by the board of the students, is met by an annual gift of \$3,600 from the W. M. U. and the accrued interest on an Endowment Fund of \$20,000. Every effort is being made by those in charge to arrange courses of training that will develop the students along all lines for the highest service. The work is great, the need is great and the opportunity for service in the Master's cause is great. The call for help in this grand upward movement comes with ever increasing insistence. It urges itself upon the thought and enlists the activity of Baptist Women everywhere.

Let us not fail then to enlist every man and woman we can influence in its high and holy mission and its great needs. Let us remember that we Southern Baptist Women are wholly responsible for this cause since it is ours by adoption and if we fail to be constantly in prayer for its success then are we unworthy of our trust. Let our slogan be "We can and we will."

WHY FARMERS PROSPER

Do you own a car? If so, pick up some of your neighbors and drive out into the country and use your eyes and your native intelligence. Just take note of the prosperous condition of the farmers everywhere you go. Are they making their money and building beautiful homes and buying cars by simply drifting? Not much! They work, and they use their brains and their ingenuity as well as their hands. No drifting with them. If they see an opportunity to improve conditions by the purchase of a piece of new machinery, they buy it in a hurry and start it to earning more dollars for them. If they think they are not getting the proper returns from their acreage they dig down and unearth the cause and go to work promptly to remedy it. "Good enough" does not appeal to them. They want something better, and they get it simply because they have the will and the determination to go after it. They are climbing the ladder every day, and they have already worked their way far up toward the top. They never drift.

Chicago is to pull off a preparedness parade with two hundred thousand marchers in line. We're with 'em in spirit, but durned if we want to get in that jam.

When a man's a real man you never heard him reminding you of the fact.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Caron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 54 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

—OF—

Montgomery County BLUE GRASS FARM

Samuel Greenwade Farm on Slate Creek

As Executor of Samuel Greenwade's will, the undersigned, C. F. Thomas will sell at Public Auction, on

MONDAY, JUNE 19, 1916

(County Court Day) at about one o'clock, at the Court House door in Mt. Sterling, Ky., the Slate Creek Farm of the late Samuel Greenwade.

The farm contains about 150 to 160 acres, and is sold subject to survey. It is all in grass, save about six acres. It has a small new tenant house, a tobacco barn, and stock barn. It will be sold for ONE-THIRD cash, ONE-THIRD in one year, ONE-THIRD in two years, with interest on the deferred payments, and lien on the land to secure same. The grass land will not be grazed before sale, and possession of same will be delivered at once to purchaser when terms of sale are complied with. Further details will be given at time of sale.

This is one of the best grazing farms in Montgomery County. Much of it is good for tobacco, and about 25 or 30 acres is Slate Creek bottom land.

GARDENS OF THE DEAD

Tuesday, May 30th is Memorial Day.

Out to the gardens of the dead,
With low-bowed heads and solemn tread,
The few remaining veterans go,
The screech of sife and roll of drum
Bring back again the feet grown numb,
The measured step and slow.

Pierced by the rays of springtime's sun,
Like drops of blood the dew-drops run
From new-born leaves and flowers,
And tear-drops mingle with the dew,
As memory brings some face to view,
Like rain-drops after showers.

Upon each sleeping comrade's tomb,
They placed the lilac's fragrant bloom,
And bleeding-hearts, bright red—
And near each head-stone white and fair,
They hung Old Glory to the air,
In honor of their dead.

Long may we keep their memory dear,
Let every heart their deeds revere;
For us they fought and died,
And as those living pass away,
Let sons and grandsons keep this day,
And deck their graves with pride.

NEWSPAPERS PREACHING BETTER THAN PREACHERS

Newspapers received an unusual and marked tribute the other day when Rev. Charles A. Eaton, pastor of one of the largest churches in New York City and one of the foremost clergymen in the country, resigned his charge in order to carry on his chosen work, not in another pulpit, but through the press.

It is Dr. Eaton's belief, shared by many others, that public opinion in this country must be awakened to its responsibilities in the readjustment which is bound to follow the great war. Dr. Eaton will preach this subject, but not from the pulpit. The newspaper will carry his message to the world in the future. In relinquishing his post the eminent clergyman said:

"At present the newspapers are preaching better than the preachers, and it is through the press that I hope to work. In common with the rest of the world, America is entering upon a new age, and I feel it my duty to help in forming public opinion and interpreting the vast and complicated problems which confront us."

The foregoing is but another proof of the growing influence and power for the community exerted by the newspaper today. It is not so many years ago that any close connection between the clergy and the press was sufficient cause for a considerable raising of the eyebrows among the reverend gentlemen and their followers. Time and experience and, it must be admitted, a higher standard among newspapers, have changed this attitude. The press and clergy are today working hand in hand, as they should work, and preaching religious as well as civic righteousness through the newspapers is an accepted fact, for, while the pulpit addresses itself to hundreds, the newspapers speaks to thousands.

EVERY ONE WANTS PEACE

It is again rumored that England, Germany and France are considering the appointment of a joint commission for the consideration of peace in Europe. If there is any one thing under the sun that the rest of the world ardently desires, it is that this rumor may be founded upon fact and not conceived in the fertile brain of some lying foreign correspondent. The world is satiated with the unspeakable horrors of this war. It wants peace, and it wants it to continue unshattered until the crack of doom.

Permanency.

KEMPER MAKES FINE RECORD

Judge J. H. Kemper, of Louisville, formerly of this city, made a splendid record at the meeting of the Kentucky Trapshooters' League in Lexington recently when he was runner-up on J. D. Gay, of Clark county, who won the Inter-State Association's championship. Gay broke 98 out of a possible 100 targets and Judge Kemper 97. Kemper also got the second high score of the day when he broke 194 out of a possible 200.

Some statesmen can talk for a few minutes and their words make history. Others can spout for a week at a time and no one ever remembers a word they say.

A girl that is not neatly dressed is called sloven, and no one likes to look at her. Her face may be pretty and her eyes bright, but if there is a spot of dirt on her cheek, and her fingers' ends are black with ink, and her shoes are not laced or buttoned up, and her apron is dirty, and her collar not buttoned and her skirt is torn, she cannot be liked. Learn to be neat and when you have learned it, it will almost take care of itself.

No matter who they marry, some men always remember the first girl they ever loved. Others, 'b'gosh, forget which one it was.

SYSTEMATIZE

Your household expenses by opening a bank account for your wife. Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt.

Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

Killarneys to Appear Here on Opening Night of Chautauqua Program

THE KILLARNEY GIRLS appear on the opening night of Chautauqua week in Irish costumes and, with an appropriate setting, present a program of instrumental music and singing, with emphasis on the latter. There are Irish songs that range from simple folklore to the Irish classics, all of which are rendered by a company of real artists.

The company is headed by Miss Rita Rich, who is widely known as a singer, entertainer and impersonator. This excellent company has been on the Lyceum and Chautauqua platform for four years and is therefore no experiment.

AN ORDINANCE.

An Ordinance Requiring the Original Construction, by Paving and Curbing, of Certain Streets in the City of Mt. Sterling, Kentucky.

Be It Ordained By The Mayor and Board of Council of the City of Mt. Sterling, Kentucky, as Follows:

Section 1.—That the following streets and parts of streets, intersections and crossings in the City of Mt. Sterling, Kentucky, be improved by original construction by paving and curbing the same with vitrified block or asphalt or tarmac or bitulithic and curbing and gutter suitable for the purpose, from the inner curb line to the inner line of curbing on the outer side of the sidewalks thereon, but so as to include the curbing on the opposite sides of the said streets and between the lines thereon as follows: Sycamore street from the Chesapeake & Ohio Railroad to the south line of intersection of Holt avenue with Sycamore street.

East Main street from the west line of Wilson street to the west line of Willow street.

East Locust street from the west line of Wilson street to the west line of Queen street.

High street from the east line of Broadway to the east line of Elm street.

Section 2.—That the same be paved and curbed in accordance with the specifications thereof, referred to and adopted by the resolution of this Board, which specifications, however, may, at the pleasure of the Council be changed from time to time by resolution.

Section 3.—That the cost and expense of said original construction and improvement by paving and curbing aforesaid, shall be at the exclusive cost of the owners of the lots and parts of lots or lands fronting or abutting or bordering on the said streets and parts of streets to be paved by original construction as above and shall be apportioned by the City Engineer and Board of Council according to the number of front feet owned by the owners respectively.

Any owner of the lots or grounds abutting or bordering the improvements desiring to settle in cash for the improvement assessed against them, may, within thirty days after the adoption of the apportionment, pay the amount as assessed against them to the City Treasurer, who shall place the money in the Street Improvement Fund. At the expiration of thirty days after the adoption of the apportionment, the Treasurer shall report to the Council the amount of cash received and the Council shall then order the City Clerk to then advertise Street Improvement Bonds for sale to cover the remainder, together with the expense attending the issue of said bonds, including advertisement, printing bonds, etc., said bonds to bear interest at the rate of six per cent. per annum, and when the bonds have been sold, the money realized therefrom shall be placed in the Street Improvement Fund, and an order drawn against said fund in favor of the contractor for the entire amount due him, including interest at the rate of six per cent. per annum from the time the work was accepted by the City Council to the date of payment to him.

Section 4.—The accepted bidder shall execute bond to the City with good and sufficient surety, to be approved by the Council for the faithful performance of said construction, and said contractor shall within ten days after being notified to do so by the Board of Council begin work under said contract; and shall complete the same as provided for in said contract, and without delay; and when the work as provided for in said contract and in this ordinance is completed in accordance with the contract, the work shall be received by the said City Council upon a receipt of a certificate from the City Engineer and Street Committee stating that the work has been done according to contract. And said Council shall order payment for the same to the contractor by the issue of orders upon the City Treasurer to pay same out of the Street Improvement Fund as herein provided.

Section 5.—Within thirty days after the advertisement for sale of Street Improvement Bonds, as provided herein, the Mayor of the City is hereby empowered and directed to issue bonds of this city in such sum as the Council may order, not exceeding, however, the contract price for said work with interest due herein provided and all expenses attending the comple-

tion and issue of said bonds which may be redeemed by the City as follows:

One-tenth thereof at the end of one year from their date.

One-tenth thereof at the end of two years from their date.

One-tenth thereof at the end of three years from their date.

One-tenth thereof at the end of four years from their date.

One-tenth thereof at the end of five years from their date.

One-tenth thereof at the end of six years from their date.

One-tenth thereof at the end of seven years from their date.

One-tenth thereof at the end of eight years from their date.

One-tenth thereof at the end of nine years from their date.

One-tenth thereof at the end of ten years from their date.

And said bonds shall bear interest from date thereof until paid at the rate of six per cent. per annum, payable semi-annually, and the same and all interest thereon shall be payable at the Mt. Sterling National Bank, Mt. Sterling, Kentucky.

Said bonds, when issued, shall be signed by the Mayor and City Clerk of the Council with the municipal seal attached; and shall be sold and disposed of by the Mayor, City Clerk and Treasurer then in office for the most advantageous prices, in no event, however, to be less than par with accrued interest at the time of sale.

The bonds shall be in the form and substance as hereinafter prescribed and numbered consecutively from number one to the number required, and shall be in denomination of five hundred (\$500.00) dollars each; except that ten may be for a smaller amount than said sum to cover any remaining fractional parts of the five hundred dollars said work may cost with appropriate interest coupons attached. They shall all bear interest from the day that the work was accepted by the City Council and until negotiated shall be left in the custody of the Treasurer, who shall be liable for the safe keeping thereof on his official bond.

Said bonds shall not be issued upon the faith and credit of the City of Mt. Sterling for the payment thereof, but the faith and credit of the City shall be pledged for the payment of the sum realized upon the apportionment against the property for the cost of the paving and curbing of said streets as in this ordinance provided, only after the same shall have been collected and paid to the Treasurer, as in this ordinance provided, and said bonds shall be payable and redeemable not on the faith and credit of the City but out of and secured by lien for the assessment to be made and apportioned against said lots and parts of lots or lands fronting upon said streets and parts of streets, intersections and crossings as herein ordered to be paved and curbed.

Section 6.—All moneys paid, received or collected upon the assessments against the lots as in this ordinance provided, to be made and interest on the deferred annual payments as provided by the laws of the State of Kentucky, governing cities of the Fourth Class, and all moneys arising from the sale of bonds herein provided for shall be kept by the City Treasurer as a separate fund, to be known as "Street Improvement Fund," and the bonds shall be paid out of the amount realized upon said assessments to be made and apportioned upon the properties abutting upon said streets and parts of streets, as above, and said assessments secured, paid and collected as provided for in like cases by the laws of the State of Kentucky governing cities of the Fourth Class.

Section 7.—All moneys received from the assessments in this ordinance, provided to be made, shall be apportioned and paid out upon the order of the Board of Council upon the City Treasurer and for the payment of the interest and redemption of the bonds which may be issued for the improvement herein provided and for no other purpose.

Section 8.—The cost of said improvement assessed against any piece of ground or owners thereof, shall not exceed one-half of the value of such grounds after the improvement is made, excluding the value of all buildings and other improvements upon the property so improved.

Section 9.—Said bonds shall be in substance, form and effect, as follows, except as to the consecutive number to cover said fractional parts of five hundred (\$500.00) dollars provided in Section 5, of this ordinance, and the date of maturity of the ten sets of ends and

the ten sets to mature as hereinbefore provided.

Clerk of the City of Mt. Sterling, Section 10.—C. K. Oldham, Mayor, H. M. Ringo, City Clerk, and C. B. Patterson, Treasurer of the City of Mt. Sterling, are hereby appointed a committee to advertise for bids for paving and curbing and in accordance with the specifications adopted by the Board of Council, and they shall adopt such means as in their judgment shall be productive of the greatest benefits and produce the largest number of bids and said bids shall be sealed and endorsed, "Street Paving Bids," and said bids directed to the City Clerk, who shall keep them and open them in the presence of the Council. Each bidder must accompany his bid with a certified check on a National Bank, payable to the order of the City Treasurer for one thousand (\$1000) dollars, which amount will be returned in case of a rejection of said bid, and to the successful bidder upon acceptance of his bid and formal execution of contract, the City to reserve the right to reject any and all bids.

Section 11.—The assessments will be made as soon as the improvements are fully completed, and the sum assessed, which shall include the cost of the intersections and crossings aforesaid, together with the cost attending the sale and issue of said bonds as aforesaid, against each piece of property and also the owners thereof, shall be placed upon the tax list of the city, and shall be payable at the office of the City Treasurer in ten equal annual installments with interest at the rate specified in said bonds upon the unpaid portion thereof. The first installment, together with interest at the rate specified, shall be payable at the first payment of taxes, next succeeding the time the assessment is placed upon the tax list, and interest to be computed to the date that taxes are due and payable, and the other installments not due at the time until all installments are paid. The assessments may be collected like other taxes, or the city, may, at any time after one installment remains delinquent for thirty days, by suit in equity enforce its liens for all of the unpaid installments, with interest thereon at date of satisfaction of same, and its costs expended.

Section 12.—All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 13.—This ordinance shall be in full force and effect from and after its adoption and publication in the manner provided by law. The contract made shall be known and designated as "Street Paving Contract E."
